# 2007 Parade Home

It's magical, it's dreamy, it will make your wishes come true – it's the LAND OF OZ built by Gary and Diane of **Yellow Brick Homes** located in the Villages of West River Lake in Twin Rivers – Waco, Texas. This Parade house is being designated as the “**OZ for the Cause**” house because YBH will pledge a portion of the proceeds to **Waco Habitat for Humanity**.

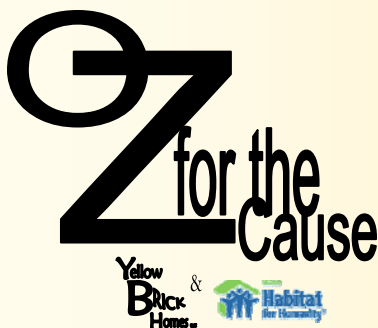

The **3,392 sf** home features an enchanted family-oriented residence with room for all members of the family whether they are made of straw, tin, or fur. There is a graceful entrance enhanced by a stunning glass mahogany double front door that opens up to the soaring entry and a view that keeps on going! The arched windows sculpted on the distant wall reveal a “forest-like” view of the backyard from the Grand Family Room. To the left is a fun-inspired ENTERTAINMENT ROOM for the family to play pool, watch a movie (Oz of course), or just comfy up by the bay window to read a novel. The unique Banquet Room opens up to the Grand Room which opens up to the Chef's Quarters. (That's a dining room, a family room and a kitchen in Oz language...) This is the center hub of the home which will forever encourage family gatherings.

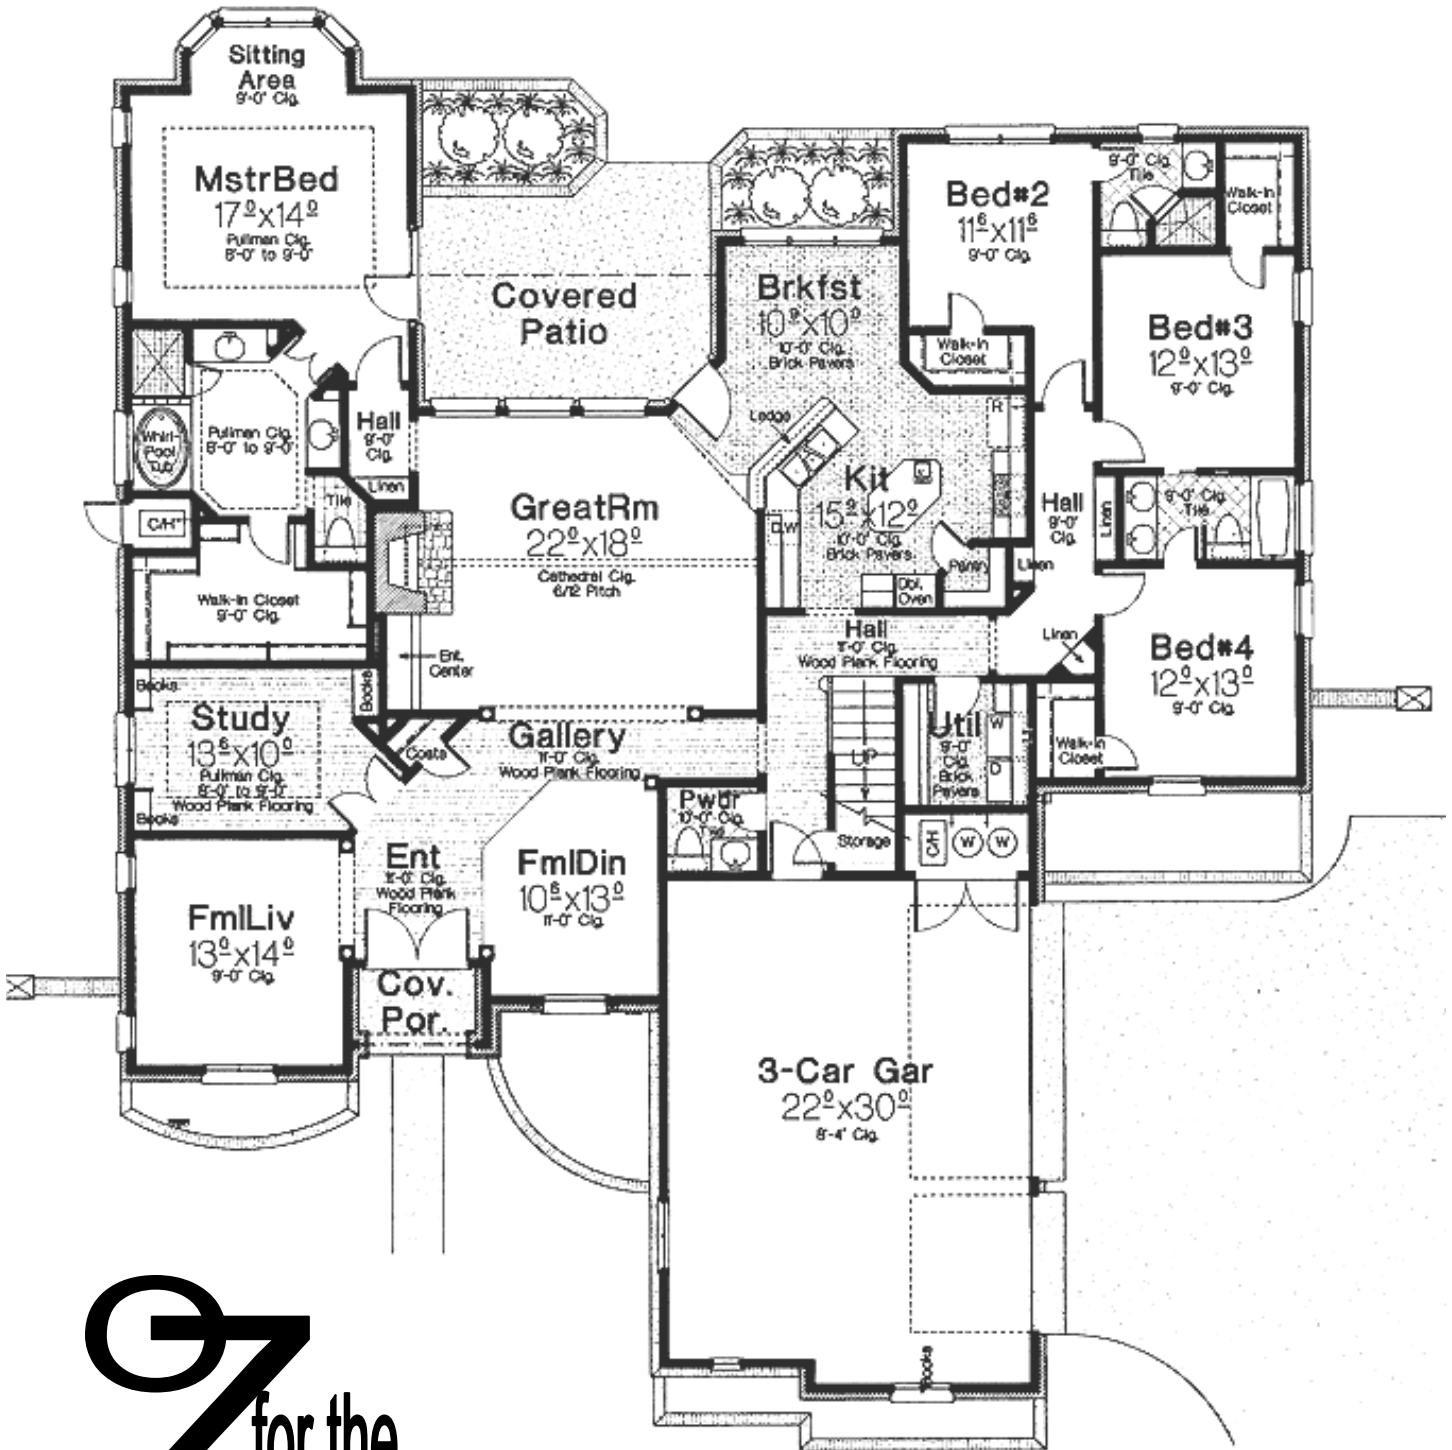

The Master Oz Suite is not hidden behind a curtain however; the mystery of its powers keeps it isolated from the other 3 sleeping areas. An OZ-size closet is extended beyond the magical spa retreat where one can enter into a cascade of descending water and exit elsewhere into another place and time....truly mystifying.

The **Ruby Red Slipper**, a trademark of a Yellow Brick Home, is embedded in the sidewalk which symbolizes that “there's no place like home”. The family who buys this home will be presented with the “other” handcrafted ruby red slipper which will be on display during the Parade.

Is it a dream? Are you in Kansas? Absolutely not -- but it could be your home! Please visit the Magical **Land of Oz** built by **Yellow Brick Homes LLC** located at 1109 Aberdeen Rd. in the Twin Rivers Subdivision – Waco, Texas.

No need to ring the bell or knock –  
just come on in and get ready to be captivated!
